The screenshot shows the Live Witness Live Console interface. At the top, there are tabs for 'Live Transport', 'Remote Off', 'Video Pause', 'Front Camera', and 'Flash On'. Below these are sections for 'Live Feed' (Drone-1, Drone-2, Drone-3) and 'Live Agent' (Agent 1, Agent 2). A central map shows a transport route with a red marker. A callout box displays 'Event Intelligence - Transport' details: Location: 923-983 26th St Greeley, CO 80634, Event: 5, TDS: 2018-05-2205 49, Speed: 0 mph, Elevation: 4992 ft, Direction: East, Battery Level: 53, Latitude: 40.39547729, Longitude: -104.69504547. To the right, another callout box shows 'Event Intelligence - Agent' details: Location: 2626 11th Ave Greeley, CO 80634, Event: 3, TDS: 2018-07-08 17:37, Speed: 0 mph, Elevation: 4795 ft, Direction: South West, Distance: No Transport Available, Battery Level: 7, Latitude: 40.3959564207, Longitude: -104.695321354991. The bottom of the screen includes a copyright notice: © 2008-2018 WitnessOne, LLC. All Rights Reserved.

The screenshot shows the Live Witness Live Console interface. The layout is similar to the first one, with tabs for 'Live Transport', 'Remote Off', 'Video Pause', 'Front Camera', and 'Flash On'. Below these are sections for 'Live Feed' (Drone-1, Drone-2, Drone-3) and 'Live Agent' (Agent 1, Agent 2). A central map shows a transport route with a red marker. A callout box displays 'Event Intelligence - Transport' details: Location: 2626 11th Ave Greeley, CO 80634, Event: 3, TDS: 2018-07-08 17:37, Speed: 0 mph, Elevation: 4795 ft, Direction: South West, Distance: No Transport Available, Battery Level: 7, Latitude: 40.3959564207, Longitude: -104.695321354991. To the right, another callout box shows 'Event Intelligence - Agent' details: Location: 2626 11th Ave Greeley, CO 80634, Event: 3, TDS: 2018-07-08 17:37, Speed: 0 mph, Elevation: 4795 ft, Direction: South West, Distance: No Transport Available, Battery Level: 7, Latitude: 40.3959564207, Longitude: -104.695321354991. A 'Push To Talk' overlay is displayed in the center, showing two channels: Channel: 232323 and Channel: 441144. The bottom of the screen includes a copyright notice: © 2008-2018 WitnessOne, LLC. All Rights Reserved.

The screenshot shows the RaptorSecuritySoftware interface. At the top, there are tabs for 'Dashboard', 'Archive Console', 'Live Console', 'SMS', and 'PTT'. Below these are sections for 'Message Send' and 'Users'. The 'Message Send' section includes fields for 'Send Message to:' (with dropdowns for 'Select User Type' and 'Select All'), a 'Message' text area, and buttons for 'Reset' and 'Send'. The 'Users' section shows a table with columns: User, Sent Message(s), Received Message(s), Status, and Action. A red arrow labeled '1' points to the 'Select User Type' dropdown. A red arrow labeled '2' points to the 'Select All' dropdown. A red arrow labeled '3' points to the 'Message' text area. A red arrow labeled '4' points to the 'Reset' button. A red arrow labeled '5' points to the 'Send' button. The bottom of the screen includes a copyright notice: © 2008-2018 WitnessOne, LLC. All Rights Reserved.

1. Select User Type (Transport / Agent)
2. Select All User or Individual
3. Type Your Message Here
4. Reset Message
5. Send Message

1. Red Marked is Selected Event. Events are Created when Feed is Started and Stopped from either the Start button in mobile apps or Remote Control button in the console.
2. You may Change the Event Name to Make it Easier to Reference.
3. You Can Delete Any Selected Event (Red Marked)
4. Play / Pause Video
5. Sound On/Off
6. Expand Video in Full Screen Size
7. Transport Location in Map
8. Popup With All Details (Same as Live Console)
9. Combined Map (Transport + Agent)
10. Agent in Map
11. Click on Video and it Will Open a Popup like Live Console

### Event Intelligence

12. Event
13. Time Date Stamp (TDS)
14. Speed of iOS and/or Android Transport and/or Agent
15. Elevation of iOS and/or Android Transport and/or Agent
16. Distance Between Agent and Transport Selected/Chosen
17. Battery Level of iOS and/or Android Transport and/or Agent
